Collecting all five acclaimed issues of THE GIMMICK, a Coen Brothers–style dark comedy from AHOY Comics, writer Joanne Starer (Sirens of the City; Away From Here) and artist Elena Gogou (Quests Aside). Every wrestler needs a good gimmick: a colorful in-ring persona that dazzles the crowd. Then there’s wrestling champ Shane Bryant. Shane’s a “nice guy” who floats through life with no repercussions and a forgettable gimmick. But Shane’s been keeping a life-changing secret: he has super strength. And when he accidentally punches his fist straight through his opponent’s brain—in front of 2.4 million horrified viewers—everything changes. Now Shane needs a new gimmick—and a new life. “Back-breaking laughs and shin-cracking action… plus a lot of heart. The Gimmick has it all!

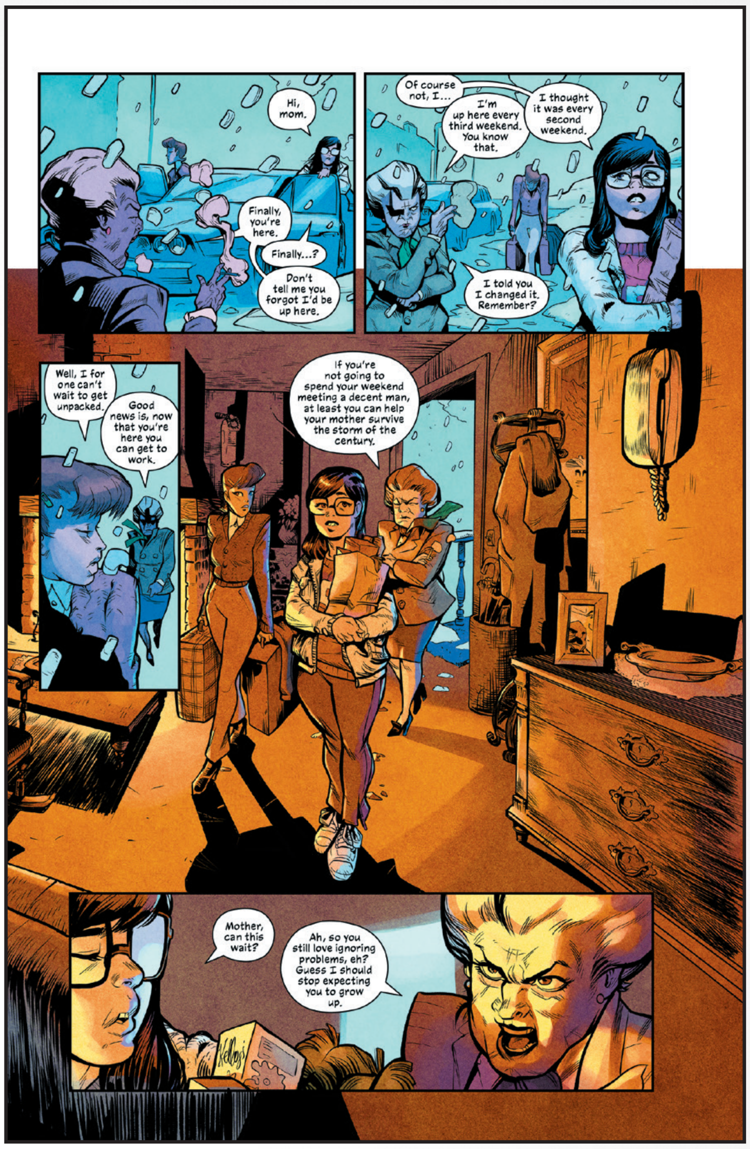
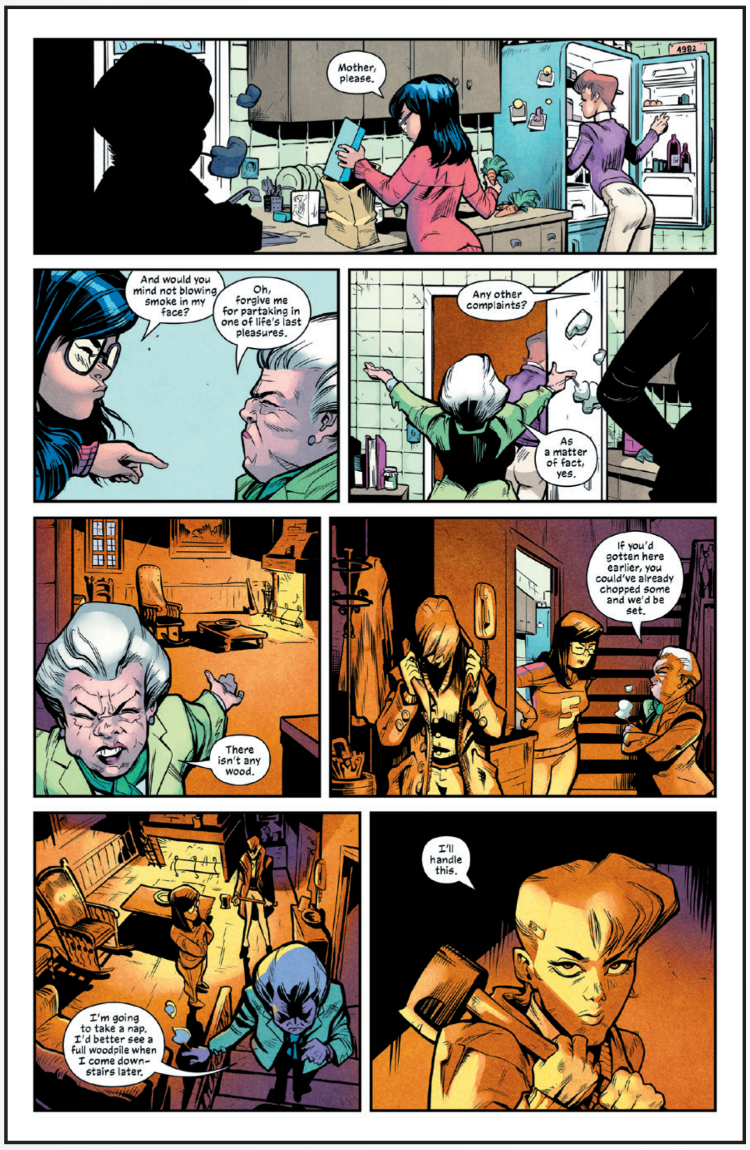
Vermont, 1982.
Almost there, Rachel. If I'd known it'd snow this bad, I'd have gotten an earlier start.
Yeah, I'm excited to finally get enough peace and quiet to finish my manuscript.
It's fine. Once we get there, we can brew up some hot cocoa and kick back.
I hope I won't be a distraction, Helena.
Don't worry. I need someone else there to keep me sane. Besides, I won't be writing nonstop.
Great! I brought a chessboard. Thought it'd be fun to have a few games, like old times.
Sure! Writing, chess, time away from the nine to five chaos…
Fuck.



Hi, mom.
Finally, you're here.
Finally…?
Don't tell me you forgot I'd be up here.
Of course not, I…
I'm up here every third weekend. You know that.
I thought it was every second weekend.
I told you I changed it. Remember?
Well, I for one can't wait to get unpacked.
Good news is, now that you're here you can get to work.
If you're not going to spend your weekend meeting a decent man, at least you can help your mother survive the storm of the century.
Mother, can this wait?
Ah, so you still love ignoring problems, eh? Guess I should stop expecting you to grow up.



Mother, please.
And would you mind not blowing smoke in my face?
Oh, forgive me for partaking in one of life's last pleasures.
Any other complaints?
As a matter of fact, yes.
There isn't any wood.
If you'd gotten here earlier, you could've already chopped some and we'd be set.
I'm going to take a nap. I'd better see a full woodpile when I come down-stairs later.
I'll handle this.

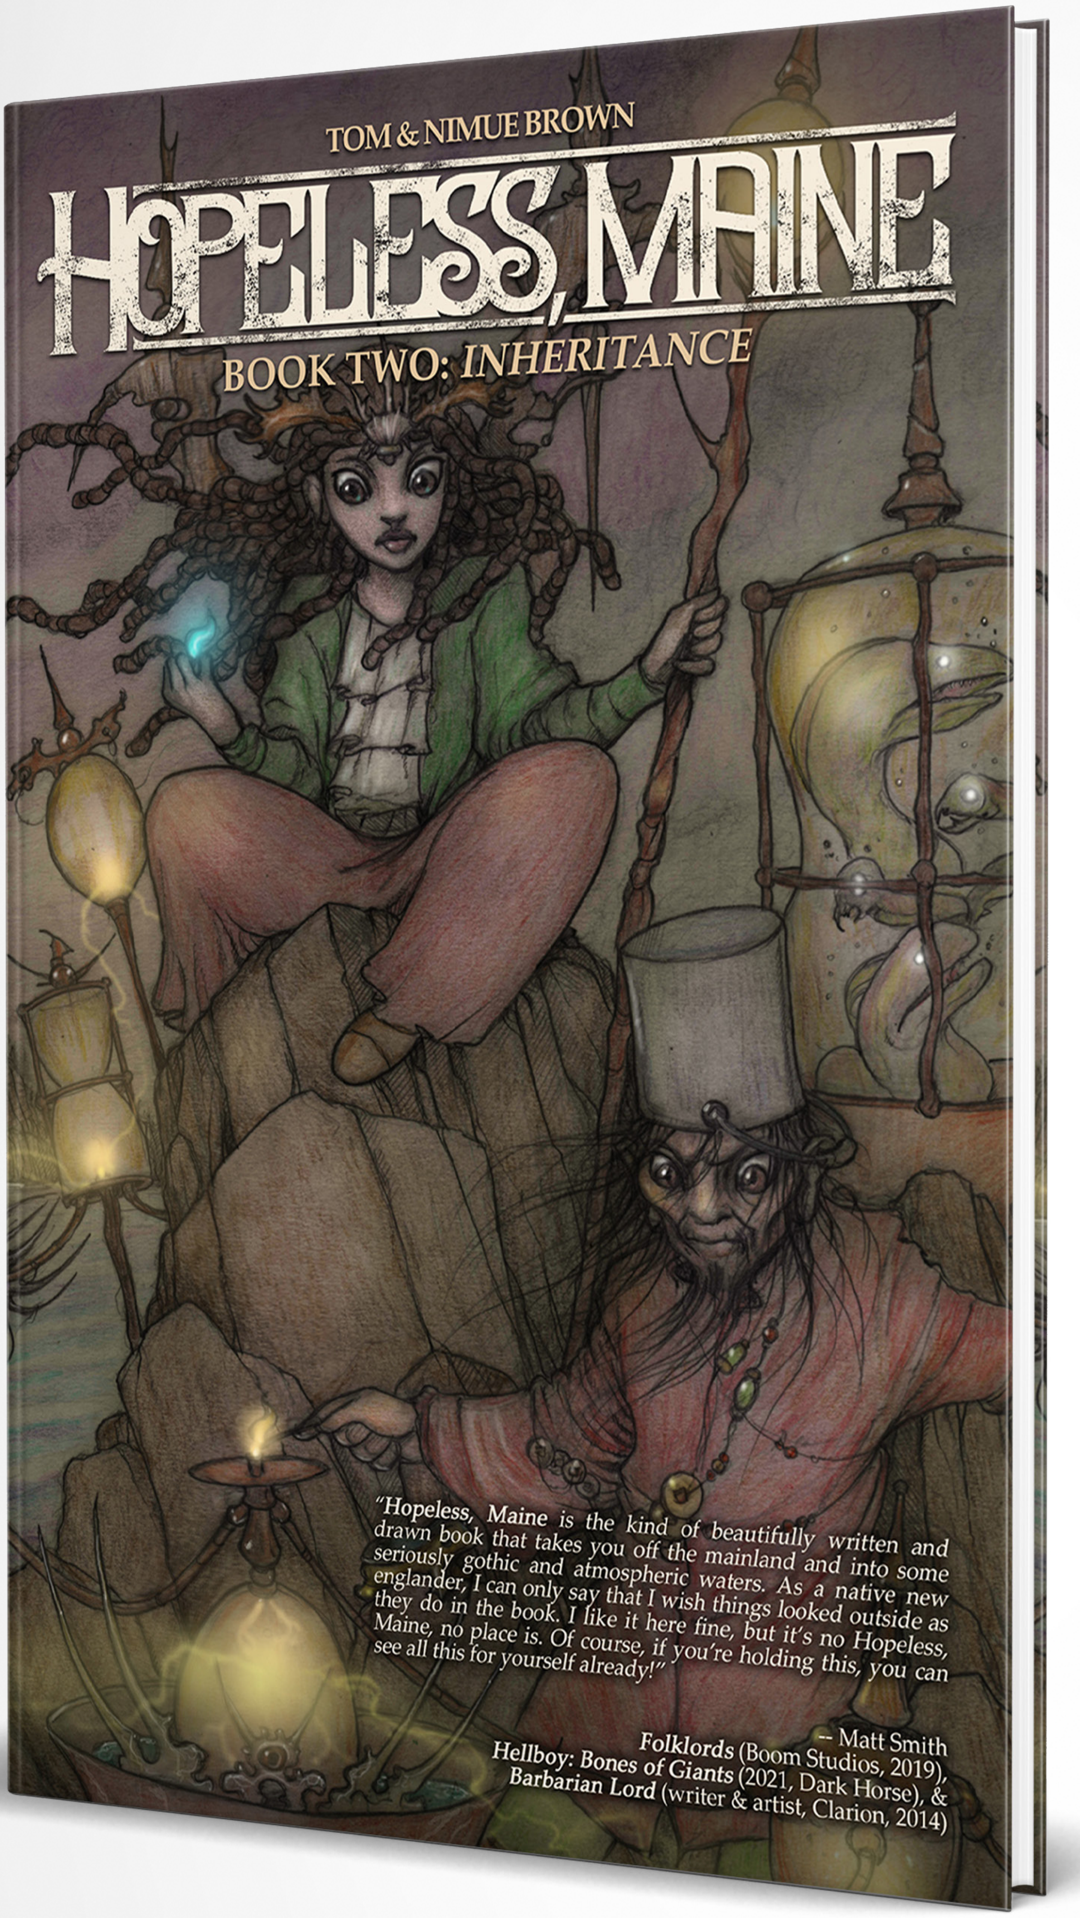
HOPELESS, MAINE VOL 2



"*Hopeless, Maine* is the kind of beautifully written and drawn book that takes you off the mainland and into some seriously gothic and atmospheric waters. As a native new englander, I can only say that I wish things looked outside as they do in the book. I like it here fine, but it's no Hopeless, Maine, no place is. Of course, if you're holding this, you can see all this for yourself already!"

Growing up with magic doesn't mean you have all of the answers. On the strange haunted island of Hopeless, Maine, young Salamandra explores the limits of her powers and the strength of her convictions. Both she and her newly discovered friend, Owen Davies, face life-changing events at the Pallid Rock Orphanage and begin to take control of their own lives. Just as magic has limits, so does the ability of adults to shield children from harm and consequences in this often dire place. This is not a story about growing up. It is a story about thinking you had grown up already—and finding it wasn't so simple after all.

Clover Press and The Library of American Comics prove that size does matter as we fulfill fans' long-standing requests to produce new editions of the first six volumes of Chester Gould's The Complete Dick Tracy. This is no simple reprinting – these volumes have been reformatted to be the same larger size as Volumes 7 through 29. In this premiere offering, we return again to those hardscrabble days of 1931, when tragedy in the Trueheart family puts young Dick Tracy on the police force and pits him against mobster "Big Boy," Larceny Lu, the counterfeiter Alec Penn, the nefarious "Stooge" Viller, and Steve the Tramp! As an added bonus, the first thirty-four Tracy Sunday pages, with stories separate from the daily continuity, have been rescanned to make them sharper and cleaner than their original reprinting. There's never been a better time than now to get reacquainted with Chester Gould's crime-busting plainclothesman, with the publication of the new bigger edition of The Complete Dick Tracy Volume 1!

It's all about family in The Complete Dick Tracy Volume 2, as Clover Press and The Library of American Comics bring this early entry into the series' standardized format. That means larger pages in a book that looks great on the shelf with its companions. Between the covers, the spotlight's on Junior Tracy as he and his biological father cross paths with the notorious "Stooge" Viller and his sister, Maxine. Then "Big Boy" leaves Junior hospitalized before "Confidence" Dolan locks the boy in the can. Dick Tracy's subsequent encounter with secret operative J. Scotland Bumpsted puts the evil Larceny Lu on the run to California. There she meets Junior's long-lost mother, who gives Junior a Scotty pup named Oscar and Tracy a way to bring villainous Boris Arson to justice. Chester Gould's high-octane stories set pulses raising and hearts beating faster in the reformatted, super-sized, all-action The Complete Dick Tracy Volume 2!

PROJECT MK-ULTRA THE COMPLETE EDITION

“Get ready for a mind-bending journey into one of the most secretive and controversial government experiments in history with Project MK-Ultra: The Complete Edition, collecting both previously released volumes 1 and 2 of Project: MK-Ultra – Sex, Drugs, and the CIA.

Through vivid storytelling, this original graphic novel brings to life the harrowing story of the CIA’s mind control program, which used drugs, hypnosis, and other methods to manipulate the behavior of unwitting subjects. With careful attention to historical facts and rampant conspiracy theories, Stewart Kenneth Moore, Scott Sampila, and Brandon Beckner have crafted a gripping narrative that takes readers deep inside the shadowy world of government conspiracies and covert operations. Based on actual events, Project MK-Ultra: The Complete Edition is a zany, pop-culture laced Alice in Wonderland ride exploring the history of LSD through the eyes of a young, hungry journalist whose life is turned upside down when he’s sucked into the absurdity of the CIA’s most guarded top-secret Mind Control Project. Whether you’re a fan of graphic novels, true crime, or political history, Project MK-Ultra: The Complete Edition is a must-read that will leave you questioning everything you thought you knew about the dark side of American intelligence.”

Samuel is a twenty-four-year-old self-described aspiring artist (but mostly a video store clerk) who's doing his best to avoid adulthood. “From creators Andy Serkis and Andrew Levitas! 360 CE. The great god Zeus is long dead, brutally murdered in his own temple some thirty years prior. Heracles, Zeus’s son and champion, spends his days drunk and depressed as the old gods struggle to stay alive after decades of Christian disruption. When Athena’s Temple is sacked by a mysterious Centurion looking for a powerful relic that once belonged to Zeus, the old gods are convinced they have found Zeus’s killer. Now the mighty Heracles must sober up long enough to keep the lone witness, a 9-year-old blind priestess, alive long enough to identify the killer and finally find justice for his dead father.

“Now that all has been revealed by Corduroy Caramel, Mister Nibs and Junction Jones are left (once again) with a single terrible option if they want to stay alive; breach a Fissure Point Facility located at the heart of Junction Town, commandeer a Jaunt Room and utilize the Time Dislocator Coin.The plan? Hit up the only Dealer left in Junction they can trust, procure a couple counterfeit janitor’s badges and sneak in under the radar. To accomplish this they’ll need to take a trip into the INbetween: a derelict schism between Junction and the skid row alleys of Earth. Easy-peasy, right? But something smells downright fishy… and if anybody can smell fishy it’d be Mr. Nibs (because he’s a cat).”

“Stabbity Bunny is a story about family. The Horror/Mystery setting is a backdrop to the relationships and strength of the females from three different generations of the extended Lee family. Stabbity Bunny is an heirloom, passed from mother to daughter, that becomes the protector of Grace, the newest little girl to hold him. There is a supernatural force that has been hunting and killing their family for almost a century and the final confrontation is near. Grace is kidnapped and though she is a resourceful girl, trained in survival, it is the unexpected intervention of her plush bunny, Stabbity, that ultimately saves her. This is just the first move on the endgame planned by the foe that either wants to completely wipe out their bloodline or recruit them. The Lee family has a secret place in the tapestry of our world’s destiny and the evil entity wants to control that power or destroy them. There are many struggles as the Lee family is attacked by manifestations of each of the seven deadly sins. Ultimately, they must confront the mastermind behind all of the evil forces and the entity that lives within the plush bunny must choose a side. There is sacrifice and loss, but the Lee family has the strength of love and family, and maybe that’s the most powerful force after all.”

The eternally grumpy wizard will travel to forsaken mystical mountains and complete the magical rites. Unless, of course, a case of mistaken identities means that he becomes embroiled in a duel with his cosmic rival.

Will Grog be able to put chaos in order and fulfill his purpose? Or wait, perhaps Grog would prefer chaos? He’s supposed to be the lord of chaos, isn’t he? Either way, it will be epic!

Drama, love, magic, a delivery guy who can fly, a weird snake, a bald centaur who rents cars… it all awaits Grog on his biggest adventure yet! All hail Grog!

DEATH, DESTRUCTION, VICE, AND SLEAZE
COLLECTION ONE
JAKE KELLY

Back in print and collected together for the first time, this Stone Church Press edition compiles the first three chapters of Jake Kelly's ongoing DEATH, DESTRUCTION, VICE, & SLEAZE saga: DOOMSDAY MAP, SHADOWS WILL FALL, and IN THE NEW ERA. Torn from Cleveland's past, these self-contained true crime yarns are a whirlwind ride through the rustbelt's underbelly: bombings, murder, betrayal… and the wildest burlesque show you could possibly imagine. While most non-fiction graphic novels are little more than illustrated book reports that piggyback on other's research, Jake Kelly rolls up his sleeves and does the hard work– scouring microfiche, cold-calling witnesses, beating the street… and mapping the connections. The result is a dazzling spider's web of corruption, debasement, and the urban id. Revised, corrected, and rescanned from the original art, this collection is a scream of desperation that will continue to echo in reader's minds. If you like drinking whiskey from an ashtray, you'll love DEATH, DESTRUCTION, VICE, and SLEAZE.
